WELCOME ON BOARD

DXB is a tri deck motor yacht by Stefano Righini, delivering three full decks of exterior living space few yachts in her class can match. A comprehensive 2025 refit has brought her to as new condition: custom made furniture, leather accents, gold plated fixtures, and premium linens throughout, alongside a new teak sundeck, new tender, and upgraded entertainment and audio systems. Every major system that defines the guest experience has been renewed within the past year, and she is ready to perform from day one.

INTERIORS

The interior is the work of Zuretti, executed in a signature Hermès decor: high gloss cherry toned woods, sumptuous soft furnishings, and full height panoramic glazing that floods the main salon with natural light. A formal dining area sits forward off the guest foyer, separating entertaining space from private space with genuine intent. One deck up, the sky lounge, styled by Ralph Lauren, adds a fully equipped bar, pantry, and a new 100" projector screen designed for movie nights.

ACCOMMODATION

DXB sleeps 10 guests across 5 cabins with a specification that outperforms her category. The master suite runs the full beam of the main deck, pairing a king size bed and en suite bath and shower with a scale rarely found below flybridge yachts of similar length. Two queen cabins and two twin cabins complete the guest layout, each with a private en suite. Crew quarters for up to 7 across 4 cabins provide the capacity for a fully staffed, high service operation.
