Wine Cooler

Hardtop

Description

Amazing opportunity to acquire a nearly-new Ferretti Yachts 860 available now.

The Ferretti Yachts 860 is one of the latest models from the world-renowned Ferretti Group, setting a new benchmark in contemporary yacht design, volume, and intelligent space utilization. Built upon the heritage and proven engineering excellence of the Italian shipyard, this “mini-superyacht” delivers features and comfort often found on much larger vessels.

The yacht offers four spacious ensuite guest cabins, exceptional outdoor living areas, and a large aft garage capable of accommodating both a jet tender and a jetski. The expansive flybridge is truly palatial, featuring a generous dining table for up to ten guests and a large aft lounge ideal for relaxed alfresco living.

On the main deck, the saloon showcases elegant contemporary styling with an abundance of natural light, creating an atmosphere that is both sophisticated and welcoming. The layout flows seamlessly from the comfortable lounge area to the spacious aft cockpit, complemented by a sociable round dining table with its own floor-to-ceiling side access door. The fully equipped galley is perfectly positioned for effortless service and entertaining.

This particular yacht stands apart from others on the market, benefiting from the owner’s meticulous attention to detail and extensive lifetime of yachting experience. Numerous thoughtful upgrades can be found throughout the vessel, from engineering and technical systems to lighting design, furnishings, and practical enhancements.

Presented in better-than-new condition with very low engine hours, the yacht has been maintained to the highest standards and represents a rare opportunity to acquire one of the most sought-after models currently available.
